## Here's how others have benefited from Corrosion College:

"This was a great training. I've been to many trainings and this was the best one ever."

*S.I. - Electrical Instrumentation*

"It was more than expected. Excellent staff and instructors. A must for all!"

*D.B. - Electrical Contractor*

"The training and trainers have done an excellent job."

*I.B. - Electrical Engineer*

"Hands-on aspect is an outstanding memory aid."

*G.W. - Technical Editor*

"Absolutely the most pleasant learning experience. Of all my training opportunities I have gotten the most out of this."

*T.M. - Electrical Reliability*

### Online Testimonials!

Visit [www.corrosioncollege.com](http://www.corrosioncollege.com)

to learn, in detail from these and other real life success stories, how Corrosion College has helped other professionals!

"I came to learn and DID."

*R.D. - Electrical Contractor*

"I found the portion of the course which covered the process of corrosion and corrosion protection (sacrificial vs. barrier) very informative. The staff presenting the class was extremely well informed and made the information interesting. Thank you."

*K.A. - Electrical Engineer*

"I had no idea that there was so much to learn about corrosion. This was a very good school."

*R.B. - End User E.E.*
